Downfall of Santiago Must Be Accomplished at Once in Order That it May Not Decimate Our Troops.

WASHINGTON, July 14. - Fourteen suspicious fever cases have broken out among the employes of the quartermaster's department near Santiago. The men have been isolated and confidence is expressed in the ability of

the doctors to stamp out the disease. The report received at the war de-

partment that yellow fever has broken out among our troops impresses the concluding the campaign at Santiago as speedily as possible. While but very few cases have developed, according to the report, the presence of this disease, even in a single case, is extremely dangerous to the army situated as it is. CLEVELAND, O., July 15 .- All hope of rescuing any of the victims of the water works tunnel disaster was given up late Wednesday afternoon. A rescuing party succeeded in penetrating the tunnel 6,100 feet. This is within about 400 feet of where the bodies of the 11 victims are supposed to lie. The men who entered the tunnel Wednesday stated that after reaching 6,100 feet they found their passage blocked by wreckage, caused by the force of the explosion. The tunnel is still filled with dangerous gases.

Must Fall by the Sword.

OEF JURAGUA, July 12, via Kingston, Jamaica, July 14.—All the negotiations for a peaceful surrender of Santiago de Cuba ended in utter failure Tuesday and the city must fall by the sword. Gen. Toral, the Spanish commander, has finally and definitely refused Gen. Shafter's proposal for an unconditional surrender, and the American army now only awaits the words of its general to begin the final struggle.

Blockade Runner Wrecked.

WASHINGTON, July 14. - Capt. Sawyer, signal officer at Key West, has reported to the war department that the ship San Domingo was wrecked off the Isle of Pires, Cuba, while trying to run the blockade. Her nationality is unknown, Capt. Sawyer reports, but he believes she was one of the vessels secured by Gen. Blanco to run the blockade and furnish food supplies to his army.

No other concessions will be granted. WASHINGTON, July 14.-Among the best informed administration officials the opinion was universal Wednesday night that the crisis of the Santiage campaign is at hand.

It is deemed certain that Thursday will witness either a desperate fight or an unconditional surrender on the part of the Spanish forces, with the chances of both so evenly divided that there is scarcely a toss-up between them.

The war officials are hoping for a surrender of the city and they generally believe that Gen. Toral, the Spanish commander, will yield at the last moment rather than subject his mer to what inevitably will be a losing fight. He is evidently hesitating as to what course he shall pursue and as Adjt. Gen. Corbin commenting upor the situation Wednesday night said "The soldier who hesitates is doom-

FIFTY-FIFTH CONGRESS.

First Regular Session.

WASHINGTON, July 8 .- SENATE-Late Thursday afternoon a bill conferring upon Adjt. Gen. Corbin the rank, pay and allowances of a major general was passed by the senate. When unanimous consent was asked by Mr. Sewall (rep., N. J.) for consideration of the bill, Mr. Pettus (dem., Ala.) objected. However, by a vote the senate decided to reconsider the bill. Bills passed: Fixing the days and allowance of chaplains of volunteer regiments, making them the same as those of a mounted captain; permitting officers in the regular or volunteer army to hold positions as commissioners, superintendents or historians of national parks. Mr. Allison called up the house resolution providing for the adjournment of congress Friday, and had it referred to the committee on appropriations.

House-The day in the house was given to consideration of measures by unanimous consent. Few of importance were passed.
